Good morning Coach,

It was good to talk with you on Saturday evening about Aletheia College. I believe Aletheia can be used to impact the world. You have a vision how to make it happen. Also, you were a pastor attempting to carry out the Great Commission in Southern Illinois. You were trying to reach as many people as possible for Jesus Christ. Have you ever thought that Aletheia College will reach more people for Jesus Christ than you could ever have done through a local church? May God use you to help carry out the Great Commission around the world. Just think, Aletheia College one day could have 100,000 students.

I am excited about the courses that I am putting together. The first course is Introduction to Ministry, what a person must become to be a minister of God. The second course is the crucial one, Introduction to Evangelism. It just not winning souls to Jesus Christ, it is planting churches that will go win lost people. I want every church that is planted to become a reproducing church in that it will plant another church. That will do the same thing. In this course, I am going to lay out a plan for churches to be like Thomas Road Baptist Church in Lynchburg (without using the name). Thomas Road Baptist Church was a great influence in starting Liberty University. We trained people in class to do evangelism, then include them in church evangelism during the week. That is what I want Aletheia College to do. I want to train people to work in a local church as they study at Aletheia. Then they can reach the world for Jesus Christ.

Coach, you could do more to carry out the Great Commission around the world than any other human being. That was the vision of Bill Bright and Jerry Falwell. Now through Aletheia College you can influence the world and carry out the Great Commission in our lifetime.
